

Success for us is being proud of what we achieve and how we achieve it.

Mosaic Forest Management is a Canadian leader in sustainable timberlands management created through the affiliation of Island Timberlands and TimberWest (in 2018) and has operated on British Columbia's Coast for more than 100 years. We strive to be a global leader implementing the latest innovations and technologies across our operations, with our people and their safety and wellness as our highest priority.

The Opportunity

Mosaic is growing and seeking a **Quality Control Supervisor** to work out of our Nanaimo office on Vancouver Island, British Columbia.

The Role

Reporting to the Manager, Quality Control, South Island, the Quality Control Supervisor will be responsible for leading the Log Quality and Value Recovery program activities to support harvest and purchase volume management activities.

Specific responsibilities include but are not limited to:

- > Leads the Log Quality and Value Recovery program;
- > Creates, distributes and monitors manufacturing prescriptions and specifications;
- > Monitors log quality processes for consistency and value optimization, identifying quality irregularities and deficiencies and developing tactics to address issues;
- > Supervision of QC Contractors and monitoring of Contract compliance.
- > Ensures Contract Management and Log Quality Information systems are maintained and utilized;
- > Monitors log grading and scaling activities to ensure coordination with woods activities;
- > Monitors compliance of log quality management activities and processes to health & safety, environmental and ethical standards and industry requirements;
- > Participates in department strategic planning initiatives, providing input into budget and priority development;
- > Identifies innovative and cost-effective opportunities to improve existing practices, processes and systems and supports implementation processes where applied.

Required Skills and Experience

- > Preference to Undergraduate degree or equivalent;
- > 5+ years of quality management/scaling experience within the Forestry industry;
- > Strong communication and interpersonal skills;
- > Ability to manage deadlines, multiple projects and budgets under time and resource pressures;

- > Working knowledge of coastal log harvest, quality and scaling procedures and systems; and
- > Proficiency in Microsoft Office applications.

What You Get

Living on Vancouver Island surrounded by the Pacific Ocean on the west Coast of Canada. We offer a comprehensive and competitive benefits package which includes a company pension, health and dental coverage, accident and disability insurance, paid vacation and health and wellness incentives along with several other benefits and perks.

To Apply

Please submit your cover letter and resume to careers@mosaicforests.com by July 30th, 2021. Use "Quality Control Supervisor – YOUR NAME" in the subject line.

About Mosaic

Mosaic Forest Management manages the forest planning, operations, and product sales for TimberWest and Island Timberlands, delivering sustainable forest management within their private forest lands and Crown tenure areas. All forest lands are certified under the Sustainable Forestry Initiative (SFI).

Mosaic employs several thousand people directly and indirectly to achieve strong economic, social and sustainable outcomes from the working forest. We are Canadian owned by major Canadian public service pension funds.

Mosaic was the first forestry company in BC to achieve Progressive Aboriginal Relations Bronze Certification and then Silver Level Certification. Also, the first forestry company in the world to include the supply chain in its carbon accounting and recently certified by the Carbon Trust for our carbon accounting across the company's entire supply chain.

We are an equal opportunity employer committed to diversity and inclusion and welcome all interested applicants to apply.
