## Site Manager

We are currently seeking candidates for the challenging position of Site Manager.

As Site Manager, reporting to the Production Manager, you will be accountable for the safe and successful operation of your farm site, effectively managing a production team to grow the best quality fish in a cost-effective manner. You will be responsible for all aspects of farm operations, including site safety, staffing, fish husbandry, maintenance of your site and equipment, short and long-term planning, managing your budget, and complete reporting and records keeping.

The successful candidate will have strong demonstrated skills in communication, people management, production planning, and extensive training/experience in fish husbandry. You will be self-motivated, well organized, results-driven and have a positive attitude. Relevant education is a definite asset.

**Closing Date:** 22nd October, 2018

We offer competitive wages, a comprehensive benefits package, and potential for annual company bonus. Travel to sites is provided as well as food program and required gear. To be considered for this opportunity with a progressive, growth-oriented company, please submit your resume and cover letter online at <http://marineharvest.ca/people/employment-postings/>

Apply for position
